

# JURONGVILLE SECONDARY SCHOOL

---

2 May 2024

Dear Parents and Guardians of Secondary One and Two Students

## **Survey and Feedback on Adjustments to Uniform**

1. With Singapore experiencing increasing temperatures, the school has put in place measures in ensuring your child's/ward's safety and comfort while they engage in learning experiences both within and outside school. These include adjusting how we conduct our PE lessons and allowing students to wear their PE/Class/JV Jag T-shirts during the day, even on the days with no PE lessons scheduled.
2. As we expect temperatures to remain elevated in the coming years, we are looking at possibilities of making further adjustments to our uniforms to ensure both the safety and comfort of our students. These adjustments will be made in tandem with infrastructure improvements that the school will embark on in partnership with MOE.
3. Currently, these adjustments include:
  - a. For boys to wear bermudas instead of long pants when they are in upper secondary.
  - b. For girls to wear skorts instead the current skirts for all levels.
4. We would like to seek your feedback on these proposed adjustments as well as possible questions that you might have. Please do so via <https://go.gov.sg/jvs-uniform> by **Friday, 24 May 2024**.
5. Thank you.

Yours sincerely,

Philibert Leow  
Principal
