Dear Student

**IMPORTANT: SUBMISSION OF YOUR EMAIL ADDRESS TO RECEIVE FORM A FOR 2025 JOINT ADMISSIONS EXERCISE (SEC 4E AND 5N(A) STUDENTS)**

As you prepare for your GCE O-Level examination this year, you will be embarking on the next phase of learning after completing your secondary education. The Joint Admissions Exercise (JAE) enables you to apply for courses offered by junior colleges (JCs), Millennia Institute (MI), polytechnics, and Institute of Technical Education (ITE).

**Why this matters to you**

When the O-Level results are released in mid-Jan, you will receive an email on your JAE eligibility. It includes your Form A, which contains your gross aggregate scores and the courses you are eligible to apply for in JAE. Therefore, it is important to provide your email address to receive your Form A and ensure a smooth JAE application process.

**What you need to do**

Please submit your personal email address to us **by 26 Jul 2024 (Fri)**. Use this FormSG link ([www.go.gov.sg/emails submission](https://www.go.gov.sg/emails submission)) or scan the QR code provided to access the form directly.

*[Should you need to change your submitted email address, you can do so **by 30 Sep 2024**, using the same FormSG link or QR code. The most recent form submitted will be considered as the final submission.]*

**Key considerations before submitting**

1. **Ensure Access:** Use a personal email that will remain active in Jan 2025. Do not submit your student iCON email address ([XXX@students.edu.sg](mailto:XXX@students.edu.sg)) as it will be deactivated upon graduation at the end of Dec 2024.
2. **Facilitate Discussions:** Provide an email address that you can access in school to retrieve your Form A on the afternoon results are released. This enables immediate discussions with teachers and counsellors about your future steps.
3. **Need Help?** If you are unsure how to proceed or need help setting up an email, do reach out to the school staff, who are always there to lend a helping hand.

By submitting your email address early, you are taking an important step towards a smooth transition into your next phase of education.

Looking forward to seeing you succeed in all your endeavours!
